HELPFUL TIPS

- 1 Choose night shelters** over sleeping on the street, if at all possible.
 - 2 Be aware of your surroundings at all times**, particularly if you must sleep outside.
 - 3 Don't be quick to trust people** you encounter.
 - 4 Trust your instincts**, if it seems like something isn't quite right, *it's not right. Trust your gut!*
 - 5 Keep your belongings packed and close to you at all times.**
 - 6 Stay aware** that things are always subject to change. **Be ready to move.**
 - 7 Stay away from the bus station**, unless you are catching the bus, *especially at night.*
 - 8 Spend as much time as possible at day shelters.** They are great resources for clothing, hygiene items, showers, etc.
 - 9 Avoid going into abandoned buildings.** They are not safe.
 - 10 Be careful about letting anyone know you have money.**
 - 11 Don't be lured away from the crowd** by someone you don't know.
-
- Never leave your belongings unattended.**
-
- Be careful about lending your phone** to people you don't know. *Cell phones disappear all the time.*
-
- Don't get comfortable hanging out** with people you don't know very well.
-
- Wear modest clothing** to blend in and not draw attention to yourself.
-
- Dress in layers**, so you can adjust to changing weather and temperature.
-
- Try to stay as clean as possible** to keep healthy and make interaction with others easier.
-
- Have a first aid kit of some kind** (e.g. Band-aids, antibiotic ointment) to quickly handle small cuts and scrapes.
-
- Avoid conflicts.** It's your best self-defense.
-
- Control your emotions** and use your head.
-
- Have your ID ready** when seeking services.
